Democratic Ticket.

For President in 1904:

JUDGE ALTON B. PARKER,

—or—

SEN. ARTHUR P. GORMAN.

Announcement.

We are authorized to announce JAMES N. KEHOE as a candidate for Representative in Congress from the Ninth District of Kentucky, subject to the action of the Democratic party.

Robert B. Roosevelt, uncle of the President, is one of the Democratic electors for the state of New York.

The contract by which the ownership of the Panama Canal passes to the United States has been signed, sealed and delivered in Paris.

Joseph Rhinock has a safe lead in the instructed delegate vote in the conventions held in the Sixth congressional district. Good is not in the race.

With only a few votes in opposition the transfer of the Panama canal property to the United States was ratified at a meeting of the stockholders of the canal company in Paris.

There are no prospects for the bill for the relief of tobacco growers getting out of committee. Senator Blackburn hopes to have it reported at the short session with an amendment giving the tobacco growers still more latitude.

President Roosevelt has sent word to his friends in the Senate that the nomination of W. D. Crum, colored, as Collector at Charleston, must be confirmed. Senator Tillman is away, and it is likely that "senatorial courtesy" will interfere with the President's wishes.

Returns from the Democratic county conventions in Georgia indicate that a large majority of the delegates will favor the candidacy of Judge Parker, of New York, for the presidential nomination. Twenty counties have instructed for Parker. Only one county has been carried by Hearst.

Urey Woodson, Democratic National Committeeman from Kentucky, and one of the most widely known editors and politicians in the Blue Grass State has an editorial in his paper in which he discusses Bryan's Chicago speech. Mr. Woodson has been Colonel Bryan's closest friend and adviser in Kentucky, and his utterance in the editorial, in which he takes issue with his friend and declares himself for Judge Parker, will no doubt create widespread interest.

A dispatch from New York says: "In aid of the schools for the Kentucky mountaineers, the students of the Comstock School here will give a tea and hold a cake and candy sale in the parlors of the school, on April 29. Many Kentucky boys are visiting in New York will lead their aid, and a large sum of money is expected to be realized."

We Kentucky mountaineers would like to know just how and where it is proposed to aid our schools. If it is on the Berea plan we respectfully ask that you apply the dose at home and to your own children.

The census of the Louisa school district, recently completed by Miss Minnie Stone, shows 351 children within school age, the largest number ever reported here.

Noah Wellman, a prominent citizen of Catlettsburg died Tuesday. He was a brother of Al and Al Wellman and Mrs. K. F. Vinson of this place. They attended the burial which took place Wednesday afternoon at Catlettsburg.

Mrs. Robt. Burchett and brother James Ratcliff, arrived Tuesday from Pikeville, where they spent a week on business and visiting friends. Mr. Ratcliff went on to Cincinnati Wednesday, where he is engaged in business and is prospering, we are glad to say.

A timber tide has at last come in Big Sandy river. The rain that began to fall on Sunday and continued right along through the week brought the long hoped for result. Timber men are happy and steamboatmen are enjoying the same pleasant sensation. Farmers who were well along with their work are not hurt by the rain. It was needed by the country in general.

Capt. F. F. Freese "surprised the natives" around Fallsburg Saturday by catching about 40 nice bass fish, of three kinds black, green and rock bass. He never fails to catch fish when he goes fishing. If there is any secret about how the trick is done he guards it well. At any rate, his success as a fisherman is a subject for wonder and envy around here among those who have piscatorial aspirations. Since writing the above we learn that Mr. R. C. Biggs accompanied Capt. Freese and caught a few of the fish.

The New Dentist.

Dr. E. C. Jenks arrived from Frankfort last Monday and is now installed in his office over Crutcher's store as shown by his card published elsewhere. He comes very highly recommended in every way. Below we published one of the letters, which will serve as a proper introduction to the people of this community. Dr. Jenks is locating here to remain permanently.

Frankfort, Ky., Apr. 23rd 1904. To Whom it may concern: This will certify that Dr. E. C. Jenks is a member of the First Presbyterian Church of Frankfort, Ky., and it gives me a great deal of pleasure to commend him as a cultivated, Christian gentleman to any community in which he may locate for the practice of his profession. I also add that he is a skilled dentist to whom all persons needing treatment may unhesitatingly commit their case. Respectfully, J. McChesney Blayney, Pastor First Presbyterian Church.

Oil Developments.

On the Williams lease at Ragland the Kentucky Oil and Gas Company finished a well at a depth of 380 feet, which is a good prospect. This company has eleven good wells, and it is reported the Standard is endeavoring to buy the output.

The Standard Oil Company is distributing pipe and material, preparatory to laying a line from the Morgan county fields through Wolfe and along Indian creek in Menifee to connect at Ragland with its main line, thus giving them a direct line for pumping into its huge tank at Salt Lick. This line will be about thirty miles in length and goes through a territory which has all been picked up by this corporation.

New York capitalists have purchased a number of fine leases in Knott and Floyd counties and will begin work at once developing the territory.

We are still cutting prices on everything in our store, but for the next seven days will give special prices on embroideries and insertions. They are in five and six yard lengths. The Louisa Bargain Store,
J. Ezrasky, Proprietor.

The Republicans of Lawrence county convened in mass meeting at Louisa, Saturday, for the purpose of selecting delegates to the convention at Maysville, April 26th and to the State Convention at Louisville, June 3rd. Resolutions were adopted approving the administration of President Roosevelt, the retention of Commissioner Yerkes as National Committeeman, and instructing the delegates to support Hon. W. O. Bradley and Hon. Sam. J. Pugh for delegates-at-large to the National Convention, and Hon. Chas. F. Weaver, of Ashland, and Judge Deering, of Flemingsburg, for district delegates to the National Convention.

The Building Committee of the City Council has finally decided to rebuild the city building on the same general plan as before. The matter has been placed in the hands of Mr. B. F. Thomas, who has made a plan greatly improving the interior arrangement of the building. A fire-proof vault for preserving the records will be constructed. The entrance leading to the court room on the second floor will be separated from the lobby reaching the lock-up, thus overcoming an objection offered to the old plan. The building will be erected as soon as possible.

We are glad to inform our readers that Louisa has a first-class Dentist. Dr. L. D. Jones, late member of the firm of Jones & Pippin and former instructor in the Dental Department of the Washington University St. Louis, Mo., is now permanently located in our town. Dr. Jones, extracts teeth without pain, but uses neither gas, chloroform, ether, nor cocaine—You will make no mistake by calling on Dr. Jones, when in need of the services of a competent Dentist. Room No. 20 Arlington Hotel.

FOR SALE:—One cottage house. Good neighborhood, and in good repair. W. Remmel.

OUR NEIGHBORS.

We regret to report the hopeless condition of Mrs. Jane Smith, of Catlapa. All her daughters are with her. It is thought she can live but a few days. She is the widow of Ed Smith. Their home has always been one of the best known and most popular along the river.

In some manner we overlooked mention of the result of the contested election case of Preston vs. Price, in Johnson county, which was tried recently before Special Judge R. T. Burns. A count of all the contested votes showed a majority of 17 for Price, the Democratic incumbent. The office involved is that of County Clerk.

C. E. Smith, real estate agent of Lexington, accompanied by Attorney Wallace Muir, left for New York, where they will close a deal with an Eastern syndicate whereby the latter will come into possession of 61,000 acres of timber and mineral land in Perry and Knott counties. Mr. Smith has had an option on the property for several months. After an inspection by an agent of the syndicate the deal will be closed for a sum said to be \$250,000.

Winchester, Ky., April 23.—Circuit Court will begin here May 2 and the suit of Mrs. Abrella Marcum against B. F. French and Senator Hargis, of this county; Judge James Hargis and Sheriff E. Callahan, of Breathitt county, for \$100,000 as damages for conspiracy to murder her husband, James B. Marcum, is attracting much attention. The defendants have given notice that they will apply for a change of venue to some other county on the ground that they cannot get a fair trial in this county.

Ironton, Ohio, April 24.—Two men were shot at Hanging Rock, a village just below here on the Ohio River, this afternoon as the result of the strike at the plant of the Hanging Rock Iron Company. The men wounded are Deputy Marshal Mike Brannigan and Alonzo Wiseman, the latter being from Catlettsburg, Ky., and who came here to work in place of a striker. The officer went to arrest Wiseman, who fired, wounding the officer in the breast. The fire was promptly returned and both men emptied their revolvers, Brannigan receiving another flesh wound and Wiseman also being slightly wounded. The officers finally landed Wiseman in jail.

Jackson, Ky., April 25.—The potency of the law in the administration of speedy justice is aptly illustrated in the case of Jim King, convicted at Beattyville yesterday. King had just been released from the penitentiary, where he had served a term for shooting a man of the name of Scrivner. He stopped at Lexington long enough to buy a pistol. On the following day he met his former victim on the street, and at once opened fire, several of the shots taking effect. A special grand jury was summoned, King was indicted, tried and convicted, and on the following day was on his way back to the penitentiary to serve a three-years' sentence, having had less than three days' liberty.

Bluefield, W. Va., April 21.—The little hamlet of Devon, located on the Norfolk & Western railway fifteen miles east of Williamson, was almost wiped out by fire to night. The buildings destroyed included the only hotel, Hotel Devon. The fire originated from a defective stove in the home of D. R. Richardson, in which was located two smallpox patients, sons of Mr. Richardson. Both narrowly escaped burning, owing to the unwillingness of the onlookers to expose themselves to the disease. Only two buildings remain standing and they are insufficient to accommodate those who lost their homes. As a consequence half of the population is sheltered for the night in the railway station. The loss is \$25,000.

The Republicans of the Ninth congressional district met at Maysville with J. B. Wilhoit and John D. Littlejohn, of Carter county, as chairman and secretary. Charles F. Weaver, of Boyd, and W. G. Deering, of Fleming, were chosen for district delegates, and John D. Littlejohn, of Carter, and H. C. Metcalfe of Bracken, as alternate delegates to the national convention. W. O. Bradley was named for delegate-at-large. Joseph B. Bennett, of Greenup, was named for State Central Committeeman, and John W. Yerkes for National Committeeman; O. F. Byron, of Boyd, for district elector, and Arch Bailey, of Harrison, for assistant elector. Senator W. H. Cox was defeated for district delegate.

The O. & B. S. has a new passenger brakeman, which is a step forward with this popular line. Circuit Court adjourned at 9 o'clock this morning until 9 a. m., Friday, on account of the death of Noah Wellman, one of Catlettsburg's best citizens, and a relative of the wife of Judge S. G. Kinser. Capt. J. C. Hopkins and wife left at noon today for a few days visit in the State capital. Dr. Mar-

tin, of Ashland, went to Buchanan this morning to accompany Wm. Polard to Ashland, where he will remain for a visit with his sister, Mrs. Henry Geiger, hoping the change will be beneficial to him. Two convicts, wearing the stripes, were brought from Frankfort and taken on to Pikeville this morning to appear as witnesses in a very important case to be tried in Court there.—Catlettsburg Items—Independent.

While it is not generally known it may be interesting to note that Mrs. Florence Maybrick of English prison fame, is a claimant in the litigation now in the courts of the two Virginias known as the King land case. Mrs. Maybrick, who is by birth a Virginian, and whom, it will be remembered, was but recently released from a long term in an English prison, as the granddaughter of Darius Blake Holbrook inherited his claim to a large part of the 500,000 acre tract known as the Robert Morris grant. Her attorneys in the state of Virginia are making active investigations in her behalf and it is her intention to return to her native state as soon as the period of her detention elapses to look after her claims in person.—Huntington Herald.

Huntington, W. Va., April 23.—After a trial lasting thirteen days in which many of the leading attorneys of Virginia, West Virginia and Kentucky participated, Col. V. A. Wilder, of New York, and Daniel Justice, of Tazewell, Va., were this evening convicted in the Federal Court here for conspiracy to thwart the ends of justice by suborning witnesses who were to testify in the famous Henry C. King land case.

This case has been in the courts for fifteen years, and the title to 500,000 acres of valuable lands on which boundary numerous small towns are located is in jeopardy. This is the same case which resulted in charges being filed against United States District Attorney G. W. Atkinson and others, but who were later proven innocent of any wrongdoing. Mr. Atkinson led the prosecution in the trial of Col. Wilder and Justice. Col. Wilder is nearing his three-score years and ten. Sentence has not yet been imposed, as a motion has been made for a reopening of the case.—C. J.

A large crowd and good time is reported. Henry Fischer shipped a big block of coal this week from the Jess. Young bank, to the St. Lewis exposition. It was 5 ft. in height, 2 ft. square and weighed 3100 lbs. The bank is 5 feet 9 inches, but there is some canal boat on top that did not come out with the block over this coal is a mountain four miles long and over one mile wide. This vein has been opened in three places and will be partly developed this summer. Oil wells are to be put down at John Cooper's and Jesse Young's. The machinery is near there now. We have great faith in the Cherokee field. The Mutual Protection Society met last Friday with good attendance. The order is doing good in this country. John Hicks and Uncle Tip attended court in Elliott county. Mr. Brown, of the Taylor-Brown Lumber Co., took his mother back to Ohio. She has been sick for some time at their Cherokee mill.

On last Saturday there arrived here an order from C. & O. headquarters to procure bids on a pressed brick depot building for Louisa, and to get them in at once so as to have work started as soon as possible. This is good news, as it awakens the abandoned hope that we are to have a fine brick structure. The visit of President George W. Stevens last week has evidently been a good thing for us. We hope our contractors will put in bids on the brick building.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kline's Swamp-Kidney, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Write to Dr. Kline, Swamp-Kidney, P. O. Box 108, Binghamton, N. Y.

OBITUARIES.

Margaret Wolf was born Oct. 2 1866, and died April 13th, 1904, age 37 years 6 months and 11 days. She was married to George W. Wolf at the age of 26. She had been a member of the Baptist church for 10 years and was a kind and devoted wife and mother. She was a victim of the dreaded disease, consumption, but she patiently bore her suffering and was ready when the summons came. She leaves a husband and four children to mourn their loss. Children and friends, Margaret is not dead but in the language of our Saviour she sleepeth. She was laid to rest in the Davis graveyard to sleep till God calls the sleeping dead to come forth and she will be among that number that will be the first to raise.

May God ever bless her husband, children, brothers, and sisters and all the kind friends who were ever ready to minister to her wants and necessities.

L. E. D.

On the 12th of April, 1904, the swift messenger of death visited the home of Marvin and Jennie Cassidy at about 2 o'clock, and took from them their sweet little daughter, Birdie, age 17 months.

A few nights before her mother in a dream was warned of her flight by an angel appearing. Little Birdie fell asleep in Jesus and her little body as it lay looked like the picture of an angel.

She was a very bright child. Her prattling tongue has ceased on earth but dear father, mother and sisters her sweet voice can be heard around the great white throne.

Little Birdie was laid to rest in the Garrett Street cemetery, many weeping friends and relatives attending the burial. A friend.

Vina Pemberton was born Feb. 24 1870 and died April 14th, 1904, age 34 years 1 month and 20 days. She had been very low for several days and her death was not unexpected. She had been a member of the Baptist church for 16 years. Her father, mother, three brothers and three sisters have gone to the glory land. Two brothers and four sisters remain on earth to mourn. She also leaves a husband one son and four daughters to mourn their loss. The remains were laid to rest in the Kirk cemetery. Funeral services were conducted by Rev. Cram.

We extend our heartfelt sympathy to her husband children and many friends and may God ever bless the ones who cared for her during her sickness and death.

L. E. D.

The angel of death visited the home of W. H. Moore the 31st of March and took his dear companion from him. Inez was a good wife and a loving mother. She was one that tried to be religious a good part of her life, although she did not make any loud profession; but we have no doubt but what she is one of the redeemed in heaven.

Rev. Wm. Copley visited her a short time before her death and she told him how happy she was. She said she was so happy that it seemed like she could almost look up into heaven. Inez loved her Bible. She would never fail to read a chapter each day. We would say to the friends, cheer up for our loss is heaven's gain. Inez is not dead. She is only asleep. Her remains were taken to the old homestead and laid to rest by the side of her mother, who a few years ago preceded her to the better land. The funeral services were conducted by Rev. Wm. Copley.

Cassie Bevins, of Hunnewell, brought her little son, Willie, here the first of the week to have a surgical operation performed on his eye, which was injured some three weeks ago by his falling from a wagon. The eye-lid was torn nearly in halves by a hook on the swing-tree. The physicians here expressed a doubt of the success of an operation, and the mother has decided to take the little one to fronton.—Grayson Bugle-Herald.

J. W. Day, the erstwhile blind fiddler, of Ashland, Ky., who had his sight restored by an operation at the Good Samaritan Hospital, at this city several months ago after being totally blind for forty years, returned to this city today for the purpose of having new glasses fitted to his eyes. Mr. Day is now able to go anywhere without the aid of an attendant, and is able to distinguish people and objects a hundred yards distant.—Lexington (Ky.) C. J.

It will not be long until Williamson will be connected by phone with the whole country. The lines of Williamson Telephone company and the Tug River company now extend east to Vulcan, W. Va., and arrangements are being made to have the line extended to Leazer, where connections will be complete to Bluefield.

Next week the Williamson Telephone company will begin the building of a line west to Nauantuck, where connections will be made with Huntington, via Inez, Ky. When these connections are completed we will be in touch with the world.—Williamson Republican.
